**L-bar with wood screw-** is attached to the corners of the wood frame to strengthen and prevent frame from warping.

**T-bar with wood screw-** is attached to the center of the wood frame when setting up registration guides for several color screen printing.

**Table Guide with Capscrew** – attached to the platen/palette or printing table angular bar. Part of the accessories when setting up registration for printing of several colored print.

**Screw Eye #12 and #8** –additional accessories when setting registration guides. It is usually attached to the upper corner of the frame to prevent frame from moving side to side during the process of printing.

**Metal clamp/hinge** – attached to the frame and table for single color printing

**Metal/Stainless Spatula-** use for mixing or scooping inks

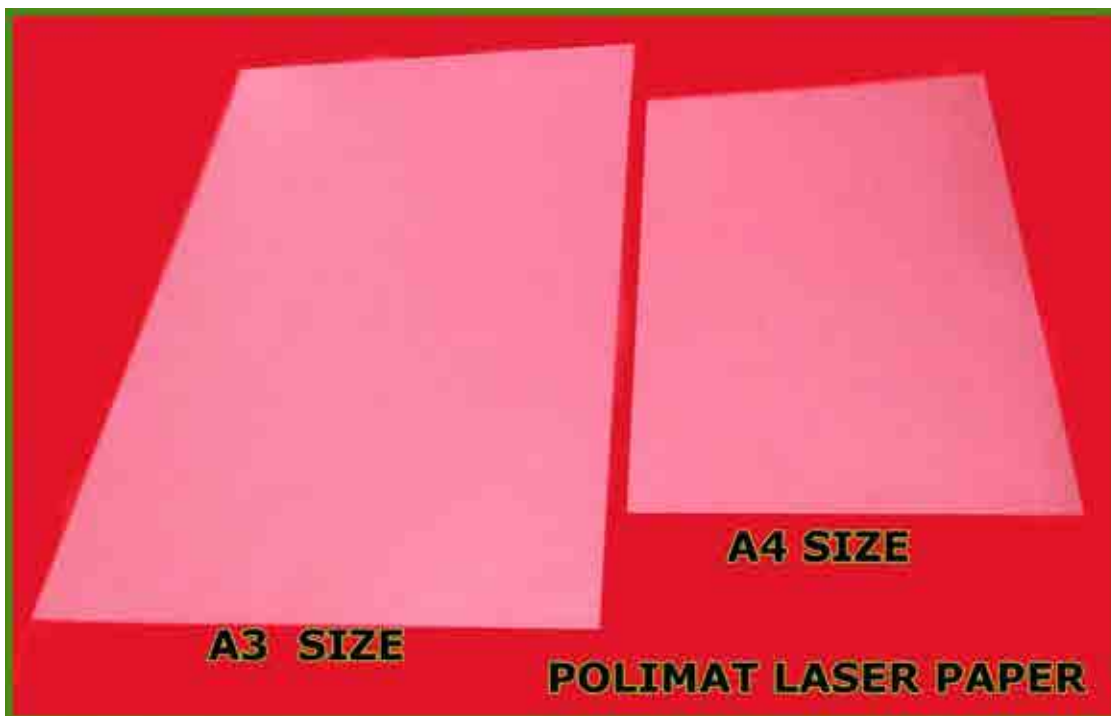

**Plastic Spatula-** use for mixing or scooping inks

**Smoke and Clear Acetate** – use to print design/artwork for stencil. Ideal for Laser Printer

**Inkjet Acetate** – use to print design/artwork for stencil. ideal for Inkjet Printer

**Polimat Laser Paper** – use to print design/artwork for stencil. ideal for Laser printer. Very minimal percentage in shrinkage. Ideal for CMYK print, Four Color process design print or tonal designs

**ALUMINUM COATER  
WITH PLASTIC ENDCAP**

**Aluminum Emulsion Coater with Plastic End cap-** is recommended to evenly coat emulsion or stencil solution on screen frames.

**ALUMINUM EMULSION COATER**

**Aluminum Emulsion Coater with Aluminum End Cap-** is recommended to evenly coat emulsion or stencil solution on screen frames.

**Lotus Heat Gun** – heavy duty blower unit to dry print.  
May be used to cure Keenplas inks.

**Drexel Heat Gun**- heavy duty blower unit to dry print  
May be used to cure Keenplas inks.

**Arrow Spray Gun/ Textile Cleaning Gun-** high pressured sprayer 220 volts directly plug to outlet. Just fill up water in the tank and its ready to use.

**Hand Cut film-** green film stencil for screen. The design is hand cut. Adhering solution/High grade Lacquer thinner is applied for it to adhere on screen mesh.

**Teflon Sheet** – attached to heat press or placed on top of print before heat press.

**Max Gun Tacker from Japan-** a tool use in attaching the screens to the wood frame. It is made of staple wire.

**Gun Tacker Staple Wire** – staple wire for Gun tacker

**Staple Wire #35**–staple wire for regular stapler
