

# ROVER®

Chlorothalonil

FUNGICIDE

MADE  
IN  
ITALY

## The Broad Spectrum Agricultural and Horticultural Fungicide in Superior Flowable Formulation

- ▶ Flows better and mixed better, so it can go to work better
- ▶ Pours clean out of the container and into suspension—with no dust, no lumps, and no clogged nozzles
- ▶ Provides uniform surface area coverage, eliminates the need for other surfactants, and resists weathering and wash off

Dosage: 60–85 mL / 16 liters of water
