- OTHER PRODUCTS

Brand: Ferno, made in USA

Description: Wraparound design provides horizontal flexibility or easy application and vertical rigidity for maximum support of the spine, neck, and head during extrication. Adapts to a hip and pelvic splint by simple inversion. Adjustable, fold-back sides permit easy access to patient's chest.

Brand: Prestan, made in USA

Description: Special "Skin designed to resist adhesive build up from AED electrodes. Clicker mechanism ensures students are giving adequate chest compressions. Audible feedback on the depth and timing of chest compressions. with monitor and set of Child, Infant and Adult.

AED (Automated External Defibrillator)

Brand: Zoll, made in USA

Description: Real CPR Help provides a metronome that uses real-time compression data to instantly adjust and help keep the rescuer administering chest compressions at the optimal rate. It has one-piece electrode, which allows the pad to be placed quickly, directly in the center of the SCA victim's chest.

The Zoll AED Plus uses long-lasting lithium batteries; in fact, it's the only AED available on the market that utilizes them. Not only are these both affordable and accessible, they will last up to five years when the device is left in standby mode. AED maintenance is made even easier because the CPR-D adult electrode also lasts five years. No confusion, no hassle.
